Decoding and Comprehension
Posters - The second thread of
reading instruction involves
phonics and decoding. Phonics is
the ability to identify that there is
a relationship between the
individual sounds (phonemes) of
the spoken language and the
letters (graphemes) of the written
language. Decoding is being able

Blended phonics (US) or
synthetic phonics (UK) is a
method employed to teach
children to read by blending the
English sounds to form words.
This method involves learning
how letters or letter groups
represent individual sounds, and
that those sounds are blended to
form a word. Sun, 20 May 2018
